PHILOSOPHY OF EDUCATION

The primary function of the Colome Consolidated Public School System is to promote the well-rounded and continuous growth of its youth into effective citizens in society. To attain this goal the school shall endeavor to provide a suitable environment for helpful guidance, training, and experiences which will assist each student to develop his/her full potential within his/her family, social, and business relationships; demonstrate concern for his/her own welfare and the welfare of others; develop an open mind on controversial issues; become trained in work habits, skills, and logical reasoning, and prepared for profitable and gratifying use of leisure time. Furthermore, the school shall endeavor to provide for the physical and moral well-being of each student. Finally, the school shall cooperate with the home, church, and other community forces to build the education experiences of the youth.

POLICY AC: OBJECTIVES

WE BELIEVE:

1. The school should encourage each student, being mindful of individual needs and abilities, and assist all students to develop the skills necessary to become a productive member of an integrated society.
2. An ever-changing curriculum is necessary to prepare our students for today's world as well as equip them with the skills to transition to a future not yet imagined.
3. Curriculum should provide for each student:
 - a. Organized fields of information and opportunity to develop basic skills.
 - b. A constructive program of physical development and health education.
 - c. A guidance program which permits them to consider all possible procedures, select and carry to completion that course of action which will encourage unified and positive growth.
 - d. Curricular and co-curricular programs which emphasize: teamwork, good sportsmanship and skill development.
 - e. The ideals of American democracy, including the development of responsibility, respect for the rights of others, and moral obligations of themselves, their family, their school, their country and the world.
 - f. Concepts of citizenship, patriotism and understanding of governmental functions.
 - g. The development of acceptable social attitudes and desirable behavior patterns.
 - h. The development of abilities and personality.
 - i. Conservation of all resources, both human and natural.
4. Instruction should be carried on through the process of inquiry and problem solving rather than ready acceptance or rejection of new ideas. With the goal of leading students to become critical thinking individuals capable of logical reasoning.
5. That the student should be made cognizant of the cultural resources of the community and the importance of community involvement.

6. That parents and citizens should be encouraged to visit classes, ask questions of administration and become friends of the school and staff.

FACULTY AVAILABILITY

The entire staff is always ready to lend a helping hand. Please arrange an appointment with your student's instructor if you need to further understand curriculum or assignments. If an issue arises the teacher is your first point of contact and best route to a quick resolution. Teachers are available before and after school from 7:55-8:10 a.m. and 3:25- 3:40 p.m. and otherwise by appointment.

ARRIVAL TO SCHOOL

BUS TRANSPORTATION AND REGULATIONS

Many students ride public school buses to school. The bus driver is the person responsible for the control and discipline of the children while they are being transported. Students are expected to extend the same courteous manner to the bus drivers as to faculty members and other school personnel. Students who are unwilling or unable to abide by the rules and regulations as established by the bus driver may be subject to dismissal from the bus.

Students wishing to ride home with another student on the bus must bring a note of parental permission and receive a note of permission from the Principal's office for the bus driver's records.

Bus

The following discipline rules and consequences will be sent home:

The Bus Driver is in charge of the bus just as the teacher is in charge of the classroom.

All students should be seated and remained seated while the bus is motion. The driver should not move the bus while riders are standing.

- Students will not eat or drink on the school bus.
- Tobacco/alcohol/drug use is prohibited.
- If the driver finds that some students cannot ride without causing a commotion, he may assign a student a seat either on a daily, weekly or yearly basis.
- Speaking should be kept to a normal voice.
- There should be no shouting or loud talk.
- Profane language will not be tolerated.
- No horseplay is permitted such as throwing things or hitting someone on the head with a book.
- If a driver corrects a student, he/she should accept the correction without a show of ill feeling.
- If a serious infraction of bad behavior takes place on the bus, the driver will report the incident to the school Principal who will notify the parent.
- If behavior continues the Principal will develop a corrective action plan.
- The bus is not allowed to stop downtown for students.
- Buses will wait no more than 2 minutes past the designated pick-up or drop-off time.
- Parents will have to bring students to school or pick them up at school if they cannot meet the bus at the designated time.
- If parents know students will be late, please phone the school and the bus drivers will be contacted by radio.

JED: Student Absences and Excuses

Colome Consolidated School District strives to provide a quality education which requires a regular continuity of instruction, classroom participation, learning experiences and individual study in order to reach the goal of maximum educational benefits for each student. While it is true that written work can be completed despite a student's absence from class, class instruction and presentation, discussions, audio-visual presentations and student-teacher interaction can never be made up when an individual student is not in attendance. This is the essence of schooling. A student's contribution to, and achievement in a class are directly correlated to attendance.

It is critical for both students and parents to understand that students miss an essential portion of their education when they are absent from class. Furthermore, South Dakota statutes require the local Board of Education to enforce definite standards of attendance with few valid excuses for absence.

With these educational and legal requirements in mind, the following requirements for attendance covering all regularly enrolled students in grades K-12 will be enforced. Students will be allowed six absences per semester.

Absences that will not count towards the six days include:

- 1) Illness or injury with note from parents
 - a. A doctor's written required if absent for 3 or more consecutive days
- 2) Family emergencies, such as death, serious injury, etc.

- 3) Medical or dental appointments with doctor's written excuse
- 4) Participation in school-sponsored activities
- 5) Other reason at administrator's discretion- examples include special circumstances with prior permission, inclement weather, etc.
- 6) College Visits- Limited to two visits

Education Absent Days: If any student is absent because of participation in the South Dakota State Fair, the Western Junior Livestock Show (or similar shows) or any other activity judged as educational shall not have those days counted as days absent. All work must be made up beforehand (or other arrangements must be made). SDCL: 13-27-6.1

The following procedures will be applied to student absences:

- All absences, except for illness and emergency situations, must be cleared with the administration for the absence to be excused.
- Written note or phone calls from parents are necessary for all absences and should include the following: student name, date of absence, reason for absence & parent or guardian signature. Note should be given to the principal or secretary.
- Students going to an appointment (doctor, dentist, etc.) should provide a note from the doctor stating the date & time of the appointment for the absence to be excused.
- Students will not be allowed to leave the school during the day unless the parent contacts the school in advance.
- Students participating in school related activities will be required to complete work prior to the absence and the student will not be counted absent from school.
- Students who plan to participate in an evening school related activity must be in school for at least four periods. Exceptions must be approved by administration prior to the date of the activity. Students who leave school due to illness will not be allowed to participate in events that day.
- Student athletes should not make a habit of missing school the day after a game. Exceptions must be approved by the administration.
- Special circumstances will be addressed by the administration (prolonged illness, hospitalizations, etc.)

The following procedures will be followed in K-12 regarding absences:

- After the third (3) absence in a semester, a letter will be sent home reminding parents of our attendance policy
- After the sixth absence (6) in a semester, a letter will be sent home reminding parents of our attendance policy, their statutory obligation, the school's obligation to file truancy, and a meeting with the parents.
- The seventh (7) and eighth (8) absences will result in after school detentions. Absences will be treated as truant and a report will be filed with the State's Attorney.
- Nine (9) or more that are not excused will be treated as truant and a report will be filed with the State's Attorney.

ELEMENTARY SCHOOL ATTENDANCE

Wood K-8 and Colome ELEMENTARY ATTENDANCE RULES

Absence from school can never really be made up. Success at school requires – like success at any job – promptness, responsibility and dependability. The school feels that the student must not only complete his schoolwork satisfactorily but maintain a good attendance record as well.

ABSENCES:

A student present a total of 2 hours in a half day of school is counted present for a half day.

Other reasons at administrator's discretion- examples include special circumstances with prior permission, inclement weather, etc.

Grade Reductions

The student's grade will be reduced after he/she misses over 6 periods of a class that is unexcused. Every day of unexcused absence after the six days they will receive a zero.

- 9 or more unexcused will result in failing the class.

Students must audit the course for the remainder of the term.

TARDINESS

Students are expected to be punctual, a warning bell rings at 8:10 A.M. The tardy bell rings at 8:15 A.M. (it is expected that students will be seated in their first period class.) When a student is tardy to start the school day they must report to the office with a note and pick up a tardy slip. The following period's tardies will be marked by the teacher.

Because tardiness to school is neither conducive to positive learning nor a good habit builder, Colome Consolidated High School will not condone the practice. In keeping with this position, the following procedures will be as follows:

- Upon receiving the third tardy the student will be alerted on how many they have.
- The fourth tardy will result in 30 minutes of after school detention.
- The fifth tardy will result in parents being contacted and one week of lunch detention.
- The sixth tardy will mean an automatic parent notification to set up a conference with the Counselor, Principal, parents/guardian and student to discuss late arrival habits, and the student will ISS.

All after school time will be spent in the Principal's Office. Subsequent tardies will result in possible Board of Education action. Parents will be kept aware of unexcused tardies (dates, reasons and punishment).

If a student is detained by a staff member, they are to pick up a pass from that staff member. This pass will allow the student to enter your next class with no penalty. Remember by definition, "tardy" means "not at the appointed place at the appointed time."

ADMIT SLIPS

Make-up/admit slips will be issued by the principal's office. It will be the responsibility of the student to see their teacher and complete the assigned work for his absence.

PARENT REQUEST FOR EARLY DISMISSAL

If a parent/guardian believes it is advisable to withdraw their child before dismissal time, they must come to the office and the child (children) will be located. Students will only be released to their parents/guardian unless we have WRITTEN permission on file to do otherwise.

ALTERNATIVE AFTER SCHOOL ARRANGEMENTS

It is important that arrangements be made with friends, neighbors and/or relatives to care for children should the parent/guardian happen to be absent from your home or area. Be sure that children are thoroughly familiar with these arrangements and know where they are to go when dismissed from school. Parents are expected to communicate with the office when the student's normal routines aren't going to be followed.

SPECIAL COMMUNICATIONS

Request to be excused from Physical Education: If a child is to be excused from physical education classes for health reasons a doctor's request must be on file in the office. This must be kept current annually.

ENROLLMENT

In the Colome School each student is required to submit proof of birth, a completed immunization form verified by health authorities, as well as completing an authorization form for the transfer of records from their previous school of attendance. This is usually completed by the parent or guardian.

POLICY JEB: ENTRANCE AGE

KINDERGARTEN

All children entering kindergarten for the first time must be five (5) years of age on or before September 1.

When a child has been enrolled in kindergarten prior to moving to the district and does not meet South Dakota entrance age requirements, a conference involving the building principal, the teacher, and the parent will be held. The parent will be informed that the child will be placed in kindergarten on a trial basis until such time as the principal and teacher can determine whether the welfare of the child can best be served by retaining him or her in school or by withholding admission until the following school year. In most cases, the trial period will not exceed two or three weeks.

FIRST GRADE

All children entering first grade must be six (6) years of age before September 1. A parent may request a waiver of compulsory attendance requirement under the age of seven years of age. First grade transfer students who do not meet state age requirements will be handled in the same manner as the kindergarten students. A student not yet prepared for first grade may be placed in kindergarten.

Proof of birth date will be required, by submitting a certified copy of the child's birth certificate or affidavit. The school will make a copy of the original and place it in the school files.

CHANGE OF ADDRESS

In the event of a change of address or telephone number during the school year, the change must be reported to the Principal's office.

SCHOOL WITHDRAWALS

Students moving or withdrawing from the school district require a note or phone call to the office from parent/guardian five days prior to leaving district. Please provide the following information:

New address at home and school
Date of last day of attendance here

Upon receiving this information the office will then prepare the child (children)'s records for forwarding to the new school at their request.

LUNCH PROCEDURES

Students who eat lunch at school will eat their lunch in the Multi-Purpose Room. Sophomores, Juniors and Seniors are allowed to walk downtown during lunch time.

Students that are caught driving to lunch will be assigned detention and lose their privileges to leave the school during the lunch period.

Middle and High School Students may not leave the lunchroom until the bell signals the end of lunch.

Breakfast Program

The cost of a student breakfast is as follows:

- Grades K-12 - \$1.25 per Meal
- Visitors & Adults - \$1.75 per Meal

HOT LUNCH PROGRAM

Hot lunch is available every day that school is in session unless otherwise noted. A hot and nutritious meal is prepared each day. Children may bring their own lunch if they wish and milk will be provided to them at a charge of .25 cents. Free and reduced meals are available for low income families. The application forms will be sent home with your child on the first day of school.

The cost of a student lunch is as follows:

- Grades K-5 - \$2.75 per Meal
- Grades 6-12 - \$3.00 per Meal
- Visitors & Adults - \$3.75 per Meal

- Milk for student or adults: \$0.25 each

In accordance with federal regulations additional servings of the entrée will cost \$0.75 per serving for all students, regardless of free and reduced lunch status. Additional servings of fruits and vegetables have no additional cost. If you do not wish to pay for additional servings, please be sure to communicate this with your child and the office. Colome Consolidated School District encourages parents and guardians to visit school and eat lunch with their child/children. Please notify the office prior to the visit.

POLICY JC: LUNCH ACCOUNT POLICY

Colome Consolidated School District Lunch Account Policies are as follows:

On the first of each month, the school's automated service will send out a phone call and/or text message to the parent/guardian contacts on each student's Infinite campus account. The school secretary will also mail out statements showing each child's lunch balance. Immediate payment is expected on an account with a balance below \$0 at any time – not just when monthly statements are issued.

Notices of low balances will be issued per student. If a parent/guardian wishes to transfer money from one student to another (in the event one student does not regularly eat lunch at the school while another has a low balance), they must contact the school secretary to have the money moved from one student to another. The school will not move funds without this request.

The school's automated service will send out a phone call or text message when a student's balance reaches \$10 or below.

Once a student's balance reaches \$0, the secretary will send home a reminder letter to make payment immediately. Another reminder will be issued at negative (-) \$10.

Once a student's balance reaches a negative (-) \$10, the student will be denied any requests for seconds or milk (if bringing lunch from home).

Once a student's balance reaches a negative (-) \$25 balance, parent/guardian will be notified that their student will be served an alternate meal of a cheese or peanut butter sandwich with the vegetable of the day and milk at a rate of \$1.50 until the balance is paid or the student has been served the alternate meal 5 times.

Students can receive the alternative meal a maximum of five (5) times during the school year. When a student has used all alternative meals, he/she will have the opportunity to call home during the lunch period; however, the student will not be provided food by the school district.

Any final lunch balances not paid by the end of May will begin a collection process, starting with a letter to the responsible party. If there is no response within 2 weeks, a second letter will be sent. After it is judged that the usual methods to collect the money owed the district have failed, then action will be considered to collect in small claims court.

After two insufficient fund checks have been written from the same checking account, only cash or certified funds will be accepted for future lunch account deposits.

Any credit balances on a student's account will be carried over to the next school year unless the student graduates, indicates they are transferring to another school, or requests a refund. All graduating and transferring students will receive a refund during the June regular school board meeting. If a student transfers in the middle of the year, a refund will be issued at the next regular school board meeting.

If a student is going to see more than one teacher, they must have a pass from each teacher they wish to see. Students shall remain in their Green Time unless they have a pass or are on the Green Time list. Students on the ICU list will be required to go to that teacher during Green time until they have their work caught up. Shorts and skirts will be long enough so that they extend the same length down the leg as the fingertips of the wearer when the arms are held relaxed at the sides. This will be the minimum length.

All tops and shirts must extend to the belt line of the shorts, skirt or pants being worn so that no midriff is exposed during normal school activities. Care should be taken when wearing tank tops so that straps are a minimum of two inches wide so that underwear and excessive skin is not exposed. Pants should be worn so undergarments are not visible. Out of concern for health and safety, shoes are to be worn at all times. The principal's discretion will be used in these situations.

Hats, caps or having hoods up in the school building will not be permitted during the school day.

In case of violation:

1. A verbal redirection will be issued
2. Parents will be called and the student will be asked to either return home to change or request that their parents bring suitable clothing.
3. Due to a repeat offense lunch or after school detention may be assigned.
4. If dress code policy violation is not remedied student may face detention, suspension or expulsion.

If a student or parent/guardian is unsure as to what is considered appropriate, the office will be glad to give assistance in this area.

MARRIED STUDENTS

Failure to follow these rules and regulations will require disciplinary action, including detention, suspension, and expulsion.

Colome Consolidated Schools GRADING SYSTEM

The following system is suggested at Wood K-8, Colome Elementary, Colome Middle School and Colome High School in the Colome Consolidated School District:

| | | |
|-----|----------|---|
| “A” | (100-90) | Indicates the student has done work thoroughly and Exceptionally. |
| “B” | (89-80) | Work above average in quality and quantity. |
| “C” | (79-70) | Student has done average work in the subject. |
| “D” | (69-60) | Student has done work that is passing, but below average. Students who maintain a “D” average in their schoolwork are not recommended for college. |
| “F” | (59-0) | Work is unsatisfactory to such an extent that credit is not given. |
| “0” | | No Credit |
| “I” | | Incomplete; must be made up within two weeks or the grade will be recorded as an “F”. Students and instructors must see that the <u>Incompletes</u> are removed within that time. |

The grading scale will be used by each classroom teacher (except Kindergarten, Music, PE and Art which are graded with “S” and “U”) for the purpose of computing daily grades as well as report card grades is listed below:

High School GRADE POINT AVERAGE

Grade Point Average is calculated based on the following scale:

A=4.0 B=3.0 C=2.0 D=1.0 F=0.0

No change is made in GPA calculation based on plus or minus grades. (Example: a B+ or B- still earns 3.0 points towards GPA calculation.)

Advanced Placement Classes will be graded on a 5.0 scale: This includes Dual Credit courses:

A=5.0 B=4.0 C=3.0 D=2.0 F=0

Grade Point Average is calculated by adding the numerical value of all grades and dividing the total by the number of grades earned.

All classes for which credit is earned and grades are given will be used to calculate GPA. Exceptions to this are Driver’s Education, Band and Chorus.

Credit will be given for participation in Band and Chorus for all four years of high school.

Driver’s Education taken during the summer will earn ¼ credit and will not be used in GPA calculation.

HOMEWORK

Learning at home is an important pattern to develop. Homework develops responsibility as well as reinforces skills in the classroom. Homework will be given to students on an increasing basis as they progress in school. Parents may wish to set aside 20-60 minutes each evening for children to read, be read to, practice spelling or math, or do assigned homework.

PROGRESS REPORT

If a student is at a D or lower there should be a Progress report sent home or contact made with the parents. It should be documented that the contact was made and when it was made.

REPORT CARDS

Report cards are to be handed out quarterly (each nine weeks). Report card slips must be taken home, signed by parents and returned to the principal's office within one week. Failure to return report cards in the assigned time will result in detention.

PARENT TEACHER CONFERENCES

Parents or guardians are invited to contact your child's teacher at any time to review your child's progress. Parent/Teacher Conferences are scheduled twice a year; during the middle of the first and third nine weeks.

NATIONAL HONOR SOCIETY

Colome High School students that have earned a 3.4 grade point average through their third high school semester are eligible for membership in the National Honor Society. Students invited to join are selected by the Faculty Council and current NHS members. Leadership, Service, Character and Scholarship are guidelines to determine membership in the National Honor Society. The constitution, handbook and by-laws are available from the NHS advisor.

HONOR ROLL

| | |
|-----------|--|
| SUPERIOR | All "A"s regardless of the number of subjects taken. |
| EXCELLENT | Any combination of "A" & "B"s (no 'C's). |
| "B" | A "B" Average (no 'D's). |

Nine weeks tests are given at the discretion of the classroom teacher. Semester tests or semester projects will be given at the close of each semester.

HONOR STUDENTS

In order for a senior to qualify as an honor student at commencement; the senior must have a GPA of a B+ (3.75 better).

For commencement students will wear in addition to the cap and gown, a chord honoring their achievements will be worn during commencement.

MANNER IN WHICH STUDENTS ADDRESS STAFF

Students should at all times address faculty members as Dr. Mr. Mrs. Ms., Miss, or Coach. The use of first names or last names alone should not be tolerated. Though, as individuals, you may sometimes not mind students being informal in their manner of address, this informality tends to break down school respect and discipline.

Classroom Discipline

The following is the general classroom discipline plan to be followed by the all teaching staff. At all steps during the discipline plan the counselor will be involved.

GENERAL RULES:

1. No student will be allowed to disrupt the educational process in the classroom or study hall.
2. Students are to follow the directions of the teacher.
3. Students should keep hands, feet and objects to themselves.
4. No teasing, swearing or talking back.
5. A student leaving the classroom without permission will be treated the same as a referral to the Principal's office.
6. Teachers may establish some individual classroom rules.

CONSEQUENCES FOR BREAKING CLASSROOM RULES:

1. Verbal warning/redirection.
2. Teacher will talk to the student after school and call parents to discuss student behavior.
3. Teacher/Parent Meeting will be held
4. Sent to the Principal

Once a student is sent to the principal, the attached discipline matrix will be used as a guide. The principal and/or superintendent is allowed to deviate from the matrix when necessary. All discipline is subject to the principal and/or superintendent's discretion. Also, the following steps will be implemented on a per semester basis:

1. The first referral will result in a discipline referral form will be sent home detailing the behavior problem. Detention will be assigned. An attempt will be made to contact the parent by phone.
2. The second referral to the principal in a semester will result in detention or In-School Suspension or both.
3. Third referral will result in a conference with guardians and in-school suspension.
4. Fourth referral will result in Out-Of-School Suspension: The student is not allowed to attend school and receive zeroes in all classes. (One to five days possible.) All out of school suspension days will count toward the student's absence total.
5. Fifth referral will result in a hearing before the Colome Consolidated School Board of Education for possible expulsion.

After School/DETENTION

It is sometimes necessary for the teacher and/or principal to keep a student after school – be it for special help, make-up work or for disciplinary measures. There will be advanced notice given by the teacher and/or Principal.

Parents will be called by the teacher and/or Principal. Alternate transportation arrangements for bus or out of town students are the responsibility of the parent or guardian.

A student riding a bus will not be given preferential treatment or modified measures during after school detention; however, the student may stay the following night for disciplinary measures if alternate transportation cannot be arranged.

Students may be assigned detention for behavior problems, unfinished school work or other reasons as needed. Detention time will be used for schoolwork and will be held in the assigned room. Failure to report to an assigned detention may result in suspension.

EXTENDED SCHOOL DAY

Extended School Day is a mandatory one hour period of time, at the end of the school day, that may be assigned to students by teachers when students do not have assignments or homework done and if students are not working up to their potential. If parents cannot be contacted on the current day the student will have extended school day the next day.

Students caught stealing will be required to return the stolen property or make appropriate restitution. Students will be suspended for 1-3 days.

PLAGIARISM

Plagiarism is a violation of CHS school policy. Give credit to all sources used, whether quoted or summarized. This includes all forms of media on the Internet, such as graphics, movies, music, and text.

POLICY JFA: STUDENT DUE PROCESS RIGHTS

Discipline in the schools is critical to the provision and implementation of public education. The Colome Consolidated School Board and school administrators have the legal authority to deal with disruptive students and student misconduct. The United States Constitution and The South Dakota Constitution entitle all students to due process when they are subjected to deprivation of a property right. The Board recognizes the importance of safeguarding a student's constitutional rights.

For the full policy please visit the school website.

GUIDANCE COUNSELOR

The Colome Consolidated Schools have a guidance counselor that works with students in grades K-12. The counselor is available for group or individual counseling. The counselor also works with students in preparation for completing high school and preparing for post-secondary education.

TEXTBOOKS

Textbooks are furnished by the district free of charge. Good care must be given to all books and equipment loaned by the school. Students are responsible for books. Instructors are authorized to charge students for any damage incurred. Reasonable wear is accepted.

Middle and High School students transferring out & checking out of school

In the event that a student transfers from Colome Consolidated Middle or High School, the student must get a transfer sheet from the principal's office. The student must give the sheet to each of his/her teachers. The teacher will indicate books returned or not, fines levied and the current grade. The counselor, librarian, hot lunch coordinator and business manager must also sign the sheet. The student must also request a set of transcripts be sent to the school he/she is transferring to.

Parents of elementary students will notify administration of request of transfer

COLLEGE VISITATION

Each Junior and Senior may be granted a maximum of two days each year to be used for the purpose of college visitation. These two days will not count against the Junior/Senior as days absent but all work must be completed prior to the visitation. In the event that the Junior/Senior is visiting a college on the day of a regularly scheduled school event that Junior/Senior may at the discretion of the advisor/coach of that event participate in that event. Excuse slips must be returned to the office. All such visitations must be scheduled through the Colome Consolidated School Counselor's Office and the make-up slips must be completed. If these two conditions are not met, the days missed will count against the Junior/Senior as unexcused absences and all rules pertaining to non-participation shall apply. This is extended to Juniors/Seniors of Colome Consolidated High School only.

INCLEMENT WEATHER CLOSING

School will be closed when in the judgment of the Superintendent or a designee, conditions would not be safe for students to drive, walk or ride the buses to school. The official statement regarding the dismissal will be made over radio station KWYR and KPLO and TV stations KELO, KSFY, and KDLT at about 7:00 A.M and Campus Messenger telephone services. Students will not ordinarily be sent home early after school is once in session. The only possible exception to this would be if the emergency warnings and/or statements are early enough and the Superintendent notifies us to send home all children at once.

In the event of a tornado warning at the end of the day, Campus Messenger will notify when students will be released

SPECIAL DRILLS

To ensure students and faculty are aware of emergency procedures it is necessary for us to conduct special drills during the course of the school year.

- Fire Drills: Fire drills will be held as required by law. These drills are important and will be taken seriously. Each classroom has a specific route for evacuation that is posted in the classroom
- Fire drills will be conducted by the school and the City of Colome Fire Department. The signal for the fire drill will be the continuous ringing of the fire bell. Directions for fire drills are located in each room of the building. All personnel, students, staff and non-teaching employees must observe this.
- There may be times however when the routing for dismissal during fire drills may be altered. A fire has no respect for exits or pre planned routes. Classroom teacher will direct students.

Tornado/Emergency Drills: The purpose of tornado/emergency drills is to assist in the safe evacuation and care of students, faculty and others in the event of an actual tornado or emergency during the hours of a school day. In the case of an emergency warning situation near the end of the day, students will be cared for at the school instead of putting them on buses – this decision is at the discretion of the Superintendent.

Bus Evacuation Drill: Within the first month of school, all students will watch the bus evacuation drill video and practice the drill on a school bus.

In Emergency Situations, PLEASE AVOID CALLING BY TELEPHONE. In such instances we need access to fire, police and hospital services.

Emergency Lockdown Drills: The Crisis Team will develop plan and practice lockdown procedures. Students will practice each procedure to ensure that they know what is expected when an emergency situation may arise.

FAMILY EMERGENCIES

In the event of a family emergency, parents may pick up their child (children) at school at any time, unless we are in a lockdown or other emergency situation.

Rules concerning eligibility apply to fine arts and sports as they are considered both curricular and extra-curricular

- If a student has a 59% (F) or lower in any class, they will be placed on academic probation.
- Students will be ineligible until the grade is above a 69%
- Students who are on academic probation at the end of a nine week period will be ineligible for two weeks.

These regulations shall cover students in grades 5,6,7,8,9,10,11 & 12. These regulations are in addition to any and all regulations of the South Dakota High School Activities Association.

In order to participate in a contest or practice, the student must have been in school at at least two periods on the day of the contest or practice. When the activity in question occurs on a holiday, a Saturday or a Sunday the student will generally be permitted to attend or participate if:

- His or her absence on the last regular school day is legitimate. And
- He or she expects to be in school on the next regular school day.

The only exceptions to the 2 period a day rule are:

Appropriate medical paperwork must be completed and kept on file at the school for administration of medication to take place.

The full policy and procedures are on the school website.

EB: ACCIDENT REPORTS

Accurate and prompt accident reporting is essential to maintaining the safety of our students, staff, and facilities. Prompt reports are also important for proper insurance coverage and claims.

The Colome Consolidated School Board requires that an accident report be filed for every accident.

Accident reports are required for an accident that:

- takes place on the school property
- involves a school vehicle
- involves students or staff on school-sponsored trips
- involves staff members on authorized school business trips.

Such accident reports are required whether or not there is an injury or damage immediately evident.

When an accident or injury involves a student, either designated health aide, or the teacher responsible for that student will promptly complete an accident report detailing where the accident occurred and any contributing factors of the incident. Accident reports will be given to the principal as soon as possible. Appropriate personnel will notify the parents/guardians of the student involved about the incident and any first aid provided.

Accidents occurring off school property or involving school transportation vehicles will be reported promptly to principal and an accident report will be filed when returning to school. Reports will be maintained in accordance with procedures developed by the superintendent.

ACCIDENT INSURANCE

For those who wish to take advantage of the opportunity an accident insurance policy is available to parents for their child (children) at a moderate cost. This insurance is offered to you through a private insurance company that has no connection with the Colome Public Schools. This coverage is for those accidents incurred while on the way to or from school and while in school. Student insurance information will be sent home with your child on the first day of school. This insurance is optional.

ASBESTOS ABATEMENT NOTICE

The Asbestos Hazard Emergency Response Act (AHERA) requires that all public school buildings be inspected or re-inspected for the presence of asbestos containing material every three years after a management plan is in effect. The same statute also requires initial and annual notification of the availability of a management plan which outlines the steps to be taken to eliminate any hazards.

The Colome Consolidated School District has a very limited amount of asbestos containing materials in the school buildings and it is being managed in strict compliance with all pertinent federal regulations. A copy of the inspection report which details the locations of these materials and the proper management procedures is available for public inspection during normal working hours in the Administration Office.

MEDIA & SOCIAL NETWORKING SITES

Students must conduct themselves so that they do not distract from or disrupt the educational process. Media and social networking sites are prohibited and blocked on district computers.
